

**MAX YIELD · SUPERIOR QUALITY**

## 630W PGZX CMH 120-240V Fixture

### General Parameters

Part number

CLF630WPGZX

Frequency

Low Frequency, Square Wave

Input Voltage Range

120-240VAC

Input Current @ 100%

5.78A@120V or 2.86A@240V

Input Power @ 100%

686W

Input Frequency

50/60HZ

Operating Frequency

140-220HZ

Power Factor [cos]

≥0.95

Crest Factor

<1.7

THD

<15%

Operating Temperature

-4°F ~ 104°F

Storage Temperature

167°F

Ports

RJ14 Interface

Dimming

When the dimming voltage changes between 5V and 10V, the input watts changes between 50% and 100%

Finish

White

IP Rating

IP54

Safety Rating

CE-ETL

Average Life Time

30,000 Hours

Reflector Material

ALANOD® Aluminum Reflector

Light Reflected

≥95%

Warranty

3 Years

### Description

630W PGZX Ceramic Metal Halide 120-240V Fixture

### Includes

Reflector, 120-240V Ballast, 120V & 240V Power Cord

### Dimensions

Length

26.22"

Width

7.56"

Height

12.56"

### Weight

17lbs
